# IT'S A HIT!

Bottom of the 10th, two outs, bases loaded, and the league's best hitter is at the plate. Will he take your screw ball downtown? Or will you blow him away with your awesome fast ball? Find out when you play Extra Innings, the amazing new baseball game for Super NES.

Select your starting lineup based on who's hot and who's not. With Extra Innings, you call the shots and control the action: the spin on the curve ball, your batter's slugging power, even your player's dive for a shot up the middle.

When you play Extra Innings, you

can put on a hit and run, take a long lead off first, or nail a base runner at the plate on a sacrifice fly. Play like the pros as you fight for a 12-team league pennant. And remember, statistics are updated and available on every player. You even select the stadium — air dome, midsize, or high-walled. Every choice changes the game.

There's never been a baseball game like Extra Innings. Eight different playing options, including two-player mode and all-star team competition, make this the hit of the season. Extra Innings. It's a home run!

Elisa, we would really love to send you something, but we just can't respond to every letter that we receive.
